George he's got lots of money he's got everything going his way

He drives down the street in a big limousine

Oh how I wish I could just be George for a day

I'd walk around feeling seven feet tall for twenty four hours I'd have it made

Yes I would really be in high society if I could just be George for a day

[steel]

George he lives in a mansion he don't have to work for his pay

All the girls wanna marry him oh how I wish I could just be George for a day

I'd walk around...
