

## Party Girl

Red Simpson

Party girl they call her party girl with a heart that  
can't be true  
Party girl they call her Party girl but if she is the  
blame belongs on you  
You're the one who made her promises and she believed  
just like a child  
So now if she seems rowdy you're the reason she's so wild  
Party girl they call her party girl but if she is the  
blame belongs on you  
[ steel ]  
Cause you gave her love and built her up then broke her  
heart just like string  
Now she won't trust anyone she's just out to have a fling  
Party girl they call her party girl but if she is the  
blame belongs on you  
If she is the blame belongs on you
