

Burning  
I step into the sun  
And it stings me  
The traces of your love  
What have I become

Lost inside a memory  
Buried deep inside of me  
Never breaking  
I'm escaping  
Lost inside a memory  
Can't erase the agony  
Never breaking  
Overtaking now

Learning  
The meaning of life  
And it haunts me  
What you're running through my mind  
Left my heart so blind

Lost inside a memory  
Buried deep inside of me  
Never breaking  
I'm escaping  
Lost inside a memory  
Can't erase the agony  
Never breaking  
Overtaking

Now  
You're overtaking me

Lost inside a memory  
Buried deep inside of me  
Never breaking  
I'm escaping  
Lost inside a memory  
Can't erase the agony  
Never breaking  
Overtaking now
