

Chasing Your Echo

Red

I'm captured again
Nothing now
Obeying, this life escaping
Tasting yesterday's obsession underneath
Guilty of misery, your love of violent end

It's over now
I don't know how
To keep you here
But I can't let go
Don't run away
Just stay with me
Don't leave me chasing your echo

Desire breaks
My shadow wakes
It follows ever after

It's over now
I don't know how
To keep you here
But I can't let go
Don't run away
Just stay with me
Don't leave me chasing your echo

Obsession
Obsession

It's over now
I don't know how to keep you here
But I can't let go

It's over now
I don't know how
To keep you here
But I can't let go
Don't run away
Just stay with me
Don't leave me chasing your echo
