

## Chasing Your Echo

Red

I'm captured again  
Nothing now  
Obeying, this life escaping  
Tasting yesterday's obsession underneath  
Guilty of misery, your love of violent end

It's over now  
I don't know how  
To keep you here  
But I can't let go  
Don't run away  
Just stay with me  
Don't leave me chasing your echo

Desire breaks  
My shadow wakes  
It follows ever after

It's over now  
I don't know how  
To keep you here  
But I can't let go  
Don't run away  
Just stay with me  
Don't leave me chasing your echo

Obsession  
Obsession

It's over now  
I don't know how to keep you here  
But I can't let go

It's over now  
I don't know how  
To keep you here  
But I can't let go  
Don't run away  
Just stay with me  
Don't leave me chasing your echo
