

Forever

Red

I try to run I try to hide from a voice I couldn't
satisfy
That was me always needing more
And letting go of all I had before
Cuz it feels like the end
A wound that I can't mend
I just can't fight any longer
You waited til I sobered
You came when you knew that the game was over
I didn't even want to be found

But you chased me down and broke in just when
I was done believing
Spun me around so close now
I can feel you breathing
Sunlight burns inside and I feel so alive and
Help me now tell me how
How can this last forever forever

I ignored the signs opened every door
But I couldn't find what I searched for
I try to fight but I turn and run
Every move I make is the wrong one
You patiently waited for my next mistake
I know it won't be much longer
You waited til I sobered
You came when you knew that the game was over
I didn't even want to be found

But you chased me down and broke in just when
I was done believing
Spun me around so close now
I can feel you breathing
Sunlight burns inside and I feel so alive and
Help me now tell me how
How can this last forever forever

You gave me so much more
Than I could ever ask for
But I turned and followed
A road that left me hollow
And still you waited for me to come back home
You brought me home

You chased me down and broke in just when
I was done believing
Spun me around so close now
I can feel you breathing
Sunlight burns inside and I feel so alive and
Help me now tell me how
How can this last forever forever
