

Only A Girl

Redd Kross

Your loyal fan club
They wait on you
But in your absence girl
They don't know what to do

Red carpet ecstasy
You are in style
You are not evil girl
Well, maybe for a while

Go to the window
Won't you look to the sky
Because that teenage guise
Ain't gonna make you wise

Can I wish you away
Only a girl (only a girl)
Only a girl like you
Can be uncool, unkind
Good

Majestic sweetie pie
You sit enthroned
I will agree with you
If you leave me alone

You better go to the window
Won't you look to the sky
Because that teenage guise
Ain't gonna make you wise

Can I wish you away
Only a girl (only a girl)
Only a girl like you can be uncool, unkind
Good

Can I wish you away
'Cause you're only a girl
'Cause only a girl like you can be so uncool, unkind
Goodbye

Only only only a girl
Only only only a girl
Only only only a girl
Only only only a girl
