

# Stoned

Redd Kross

Hey sad girl  
Why is it you would do anything  
To hang with the bad girls  
Committing crimes and doing time  
To be in your own world  
Fantasies of guns and ammunition  
Are possessions that you prize

You're always stoned  
Yes, you're always stoned  
Always stoned  
Always stoned

Hey hippie  
Pushing incense and stink love  
While you were heaving  
Catching Krishna's curse at Govinda's  
In Venice town  
Where Hecker lived for many years  
In Venice town where everyone's on crack

You're always stoned  
Yes, you're always stoned  
Always stoned  
Always stoned

You are really out of it  
Every day just like the rest  
Live bootlegs recorded  
At the Nest, yeah

Punk rock squatter girls from Hollywood  
You are so sweet  
Except when you're on the speed  
You're always stoned

Yeah you're always stoned (always stoned you're)  
You're always stoned (always stoned you're)  
You know you're always stoned (always stoned you're)  
Always

Always stoned you're  
Always stoned you're  
Always stoned you're  
Always

Always stoned  
Always stoned  
Always stoned  
Always stoned  
Always stoned  
Always stoned  
Always stoned
