

## Unformed

## Redemption

You haven't drawn a breath  
But I know you  
Still unformed, and yet  
The flame burns true

And I can't stop what's already begun  
Where can I go when nowhere else exists to run

You haven't scarred me yet  
But I feel you  
Not yet manifest  
But the pain burns true

And I can't hide from what's about to come  
Inevitably everything will be undone

Someday I'll find the life I gave for you  
One day in time and I will start anew  
One life to live, and now it's up to me  
To take back what was lost  
When all of this came to be

I've never seen your face  
But I know you  
A disembodied voice  
But the words ring true

Fate doesn't ask permission  
But I won't give in

I'm charging through my weakness  
And you can't slow me down  
My will is much too strong  
For me to fail without a fight

I don't know what to feel  
With everything unreal  
I won't go quietly  
I am resolved
