

Too Much

Redfoo

I'm too much, girl with a body like this no need to do much
I walk in this bitch and I'm ya new crush
Who's got a lotta bottles? My crew does
Cuz we too much
We at the table, to the average fella this is but a fable
To the Cinderella she walks in the stable?
At the after party bitches wanna do us
Cuz we too much

Now get you ass up on the floor
Do that dance till your feet get sore
She dropin low, popping slow, she stop, she go
She sipping on champagne straight from the bottle
She's living the fast lane full throttle
We making it rain like we won the lotto
Now after party up in my grotto!

I'm too much, girl with a body like this no need to do much
I walk in this bitch and I'm ya new crush
Who's got a lotta bottles? My crew does
Cuz we too much
We at the table, to the average fella this is but a fable
To the Cinderella she walks in the stable?
At the after party bitches wanna do us
Cuz we too much

Now what you hear is funky fresh, its Redfoo on the beat
And to the girl with the booty and the big ol breasts, c'mon try to see your feet
Oh yeah, cuz I'm too much
Working out at the gym but aint too buff
Kirked up at the club blacked out
She twerking on me when her man passed out
Plus his girl's a rental, which goes against Redfoo's fundamentals
I'm too hot, it'd be dumb to settle
I got all these bitches, need run a kennel!

Yeah, cuz I'm too much baby
Yeah, when I walk in I'm your new crush baby
Now check it out
Now twerk-it, twerk-it, twerk-it, twerk-it, twerk-it on the floor
Twerk-it, twerk-it twerk-it on the floor
Work-out, work-out, work-out, work-out, work-out like a pro
Work-out like a professional
Twerk-it, twerk-it, twerk-it, twerk-it, twerk-it on the floor
Twerk-it, twerk-it twerk-it on the floor
Work-out, work-out, work-out, work-out, work-out like a pro
Work-out like a professional

I'm too much!
