

Where the Sun Goes

Redfoo

Lady-
I've been watching you.
Ooh baby-
I know you've been watching me too.
You're the type of girl-
In demand & loves to dance to make the boys go insane.
If you're the type of girl-
Drink in hand & loves the sand...
Then baby I'm your man.

Let me take you where the sun goes,
I can make your fantasies come to life.
Wherever the sun goes,
Baby we can leave our shadows behind

Baby-
Like animals in the wild,
We could play all day & all night underneath the stars.
I'm the type of girl
In demand & loves to dance to make the boys go insane
And I'm the type of girl
Drink in hand & loves the sand
So baby take me by the hand.

Let me take you where the sun goes,
I can make your fantasies come to life
Wherever the sun goes,
Baby we can leave our shadows behind.
Leave our shadows behind...
Leave our shadows behind...

Beep Beep
Beep Beep
Guess who's rollin in the snowed out Jeep?
On fleek-
Got an extra seat if you wanna roll with me & be free

Ooooooh weee let the games begin,
Turn up: volume on ten.
What a feeling, no ceiling,
Hands up, hair blowing in the wind.
Two villains on the run,
Two kids following the sun,
Footprints in the sand, Skipping rocks,
Holding hands, Knee deep in the white wash.
It's getting late but we ain't done yet,
Til the coast guard take our postcard by the sunset,
Me & You sippin' Malibu with a view.

Let me take you where the sun goes,
I can make your fantasies come to life.
Wherever the sun goes,
Baby we can leave our shadows behind.
Leave our shadows behind...
Leave our shadows behind...
I'm gonna take you where the sun goes...
