Rediscover

If you let me hold you close  
Girl, I would never let you go  
And I'd play only songs you know  
Girl, I'd never let you dance alone

I'm gonna burn down this club tonight  
I'll set flames to this night life  
I s-s-s-stutter when I talk all night  
It's not the drugs, girl  
It's 'cause I'm, like, so into you tonight  
Girl, you are so hot in this light  
It's gettin' me so hot

You look so gorgeous, sportin' your new dress  
She says, "you make me feel so gorgeous  
Let's pretend like you're my boyfriend"  
She says she doesn't feel loved by him

And if you let me take you home  
Girl, I would never answer the phone  
'Cause I'd be tearing off your clothes  
And girl, I'd never let you sleep alone

I'm gonna burn down his house tonight  
It all goes down at his bed time  
Mah-Mah-Mah-Megan, you look so fine  
I bet you he looks so hot on fire  
So bring your pretty smile, and a lighter  
And we'll set his fuckin' house on fire

You look so gorgeous, sportin' your new dress  
She says, "you make me feel so gorgeous  
Let's pretend like you're my boyfriend"  
She says she doesn't feel loved by him

And no, she doesn't feel loved by him  
She doesn't feel l-l-l-l-love  
Love, love, love

She told me she loved me  
And looked like she was lying  
I'm betting myself, the first time I'm trying  
I'll write her off on Detroit to make this thing end  
And her airplane is landing

You look so gorgeous, sportin' your new dress  
She says she doesn't...

You look so gorgeous, sportin' your new dress  
She says, "you make me feel so gorgeous  
Let's pretend like you're my boyfriend"  
She says she doesn't feel loved by him

(Oh honey, you look so gorgeous  
Sporting that new dress  
Oh, she said, "You make me feel - ah!  
So gorgeous")
