

# Not Giving In

Rediscover

The air is getting colder  
Means my brother gets older  
And Winter break is over  
So this Christmas don't surprise me  
Because holidays remind me of losing friends to Miami

I'm done listening to songs of Christmas  
I'm not giving in because I just don't get it.  
And on that silent night we had a violent fight.  
I'm not giving in to this Christmas

We wake up early morning  
The Christmas tree is shining  
The ornaments are blinding  
Movies on television I can tell they make you miss him  
If your dad can't come home for Christmas  
We can share mine I promise

I'm done listening to songs of Christmas  
I'm not giving in because I just don't get it.  
She said the thing holy are the walls around me  
I'm not giving in to this Christmas

Oh I can't wait for the New Year  
I can start over and I'll be with my friends  
Oh I can't wait for the New Year  
I feel happy just to be let down again

Tis the nightmare before Christmas  
And it's too late to fix this  
I didn't buy a single present  
So I'm filing an extension.

I'm done listening to songs of Christmas  
I'm not giving in because I just don't get it.  
The only thing I want this year, is to get the hell out of here  
I'm not giving in to this Christmas

Oh I can't wait for the New Year  
I can start over and I'll be with my friends  
Oh I can't wait for the New Year  
I feel happy just to be let down again

Oh I can't wait for the New Year  
I can start over and I'll be with my friends  
Oh I can't wait for the New Year  
I feel happy just to be let down again

Oh I can't wait for the New Year  
I can start over and I'll be with my friends  
Oh I can't wait for the New Year  
I feel happy just to be let down again
