[Hook: Raekwon]

Get money, get money, everybody know how we get down  
Get money, get money, everybody know how we get down  
Get money, get money, everybody know how we get down  
Get money, get money, everybody know how we get down

Get money, get money, everybody know how we get down  
Get money, get money, everybody know how we get down  
Get money, get money, everybody know how we get down  
Cash rule everything around me, craving the money, pow!

[Verse: Raekwon]

As I polly making bread, they blowing shots of molly  
Dressing fly, bitches looking, I'm in a coupe Ferrari  
All my niggas holding digits for all the haters, sorry  
Suck a dick, ain't nothing you can do about it, get your gunnin

Yeah, popping bottles, they thought we'd hit the lotto  
We were just crack slingers yesterday, all in them fucking titl

Man we just sure to blow, I know my hoes don't argue  
That dick stand here, here what you gonna do? Champ yo I'mma ro  
ll, what y'all know?  
I check the Walabee straight from England  
Word, heard the album, I know your singles fam  
Laced this, laced up, on my real real, wanna say something?  
We stay crazy, we stay fronting, we spray shit, we ain't laced  
something  
Fuck around, get your head twist, make your wrist mine, keep a  
bitch pissed  
At the same time I'mma blaze Chris in a rich car, watch the Mat  
rix  
We take bricks, we send them out to the nearest town, you pay f

We see low gangsters from the rip, yo hold that handle when you  
hold that clip
