

Dr. Trevis (Signs Off)

Redman

Yo echoes
weird hearbeat like sounds
[I can hear myself... echoes]
maniacal laughter
bell rings, slowly, then faster, then slows again

On the behalf of the knotty-headed nigga
and the Def Squad force
We'd like to thank you for purchasin the new Redman tape
And hope you show the same love for us next go 'round

bell rings
short, phat beat is loope
static
