

Fat Sally Lee

Rednex

Who's gonna be the dancer of
fat sally lee
You'll see the men leaving
when she comes around
so big you won't believe it
cause when she's up for dancing
and stamping her feet
the doctor's heavy breathing
You've never seen a gally
with so many names
like dinosaur-rally
and sometimes she won't be
there to dance square when she's
not carried by her stallion
Step one step two
and shake you boo
