

Beautiful Nightmare

Reece Mastin

She throws her clothes on the bedroom floor,
Crawls across the bed, she begs me for more,
She's always there at the scene of the crime,
She's got a twisted mind.

We're buried 6 foot deep in the sheets,
She ties me down, she's a torturous tease
We toss and turn in the heat of the night,
She's got a twisted mind.

Scream! (scream!)
The creature from my dream (dream)
Is lying next to me,
I love it but I'm terrified cause,
She has got control of me,
The creature from my dream..

She's a beautiful nightmare
Banging on the bedroom wall
She's a nightmare
Kissing, scratching, screaming for more
She's a nightmare (woo oh woo oh oh)
Can't sleep, she keeps me up all night

She's always there when I think I'm alone
She got me scared to just pick up the phone
She got that murderous look in her eyes
(she's got a twisted mind)

I'm like the puppet, she's pulling the strings
I tried to leave but she's sucking me in
She feeds me nothing but lie after lie
(she's got a twisted mind)

Scream! (scream!)
The creature from my dream (dream)
Is lying next to me
I love it but I'm terrified cause she
Has got control of me
The creature from my dream..

She's a beautiful nightmare
Banging on the bedroom wall
She's a nightmare
Kissing, scratching, screaming for more
She's a nightmare (woo oh woo oh oh)
Can't sleep, she keeps me up all night

She's my poison, so hypnotic
She's discovered it in my closet
Tryina get away cause she's so erotic
She caught me

When you think she's getting closer
Facing me since we been over
Tryina get away but she knows I want 'er
She caught me

She caught me
She caught me
Caught me, caught me

She's a beautiful nightmare
Banging on the bedroom wall
She's a nightmare
Kissing, scratching, screaming for more
She's a nightmare (woo oh woo oh oh)

She's a beautiful nightmare
Banging on the bedroom wall
She's a nightmare
Kissing, scratching, screaming for more
She's a nightmare (woo oh woo oh oh)
Can't sleep, she keeps me up all night
