

Keep on Walking

Reece Mastin

I got a problem
Look out the black bottom
Been down for too long
For too long

I pick up the pieces
I'm ashamed to talk to Jesus
So I, I walk on, I walk on

I've been up, I've been down
I've been stumbling all around
I've been high, I've been high
I've been low

So sing it, sing it
If someone feels the same
Sing it, sing loud
If you know

Keep on walking
Keep, keep on walking
Gonna walk down a lonely road
Keep on walking
I ain't just talking
Gonna walk til I get back home

I'm down to my dollar
Cause I spent it on a potter
Now I can't feel, I can't feel
I don't wanna waste it
I can see my life is wasting away
From me, from me

I've been up, I've been down
I've been stumbling all around
I've been high, I've been high
I've been low

So sing it, sing it
If someone feels the same
Sing it, sing loud
If you know

Keep on walking
Keep, keep on walking
Gonna walk down a lonely road
Keep on walking
I ain't just talking
Imma walk til I get back home

I've walked on fire
I've walked on glass
I gotta keep on walking

I've walked on fire
I've walked on glass
I gotta keep on walking

I've walked on fire
I've walked on glass
I gotta keep on walking
(Keep on walking, yeah)

I've walked on fire
I've walked on glass
I gotta keep on walking

Keep on walking
Keep, keep on walking
Gonna walk down a lonely road
Keep on walking
I ain't just talking
Imma walk til I get back home

Keep on walking
Keep, keep on walking
Imma walk down a lonely road
Keep on walking
I ain't just talking
Imma walk til I get back home
