

Rebel and the Reason

Reece Mastin

You arise with the sun like an enemy
By my side with a smile like there's nothing wrong
(There ain't nothing wrong, no-oh)
(There ain't nothing wrong, no-oh)

Took a ride to the place that we all go
Talk to me like I don't, I don't know
(There ain't nothing wrong, no-oh)
(There ain't nothing wrong, no-oh)

Shut out the madness
Shut out the lies
Shut out the madness

I don't feel what you're feeling
Rock my heart to sleep
Is this what you want (Yeah, yeah)
Yeah, I can't do what you want (Yeah, yeah)

And I feel like the rebel and the reason
Last tracks guiding you know
I can't do what you want (Yeah, yeah)
Yeah, I can't do what you want (Yeah, yeah)
Let's keep moving

You arrive with song and the melody
Telling me with a smile that there's nothing wrong
(There ain't nothing wrong, no-oh)
Yeah
(There ain't nothing wrong, no-oh)

Take these words, these lights they're drowning me
Little whispers in my mind saying it's all wrong
(There ain't nothing wrong, no-oh)
It's all wrong
(There ain't nothing wrong, no-oh)

Shut out the madness
Shut out the lies
Shut out the madness

I don't feel what you're feeling
Rock my heart to sleep
Is this what you want (Yeah, yeah)
Yeah, I can't do what you want (Yeah, yeah)

And I feel like the rebel and the reason
Last tracks guiding you know
I can't do what you want (Yeah, yeah)
Yeah, I can't do what you want (Yeah, yeah)
Let's keep moving

Remember when you said to me
That I would be your everything
But time would tell that I
I never meant anything

'Cause all I ever wanted was
To make you smile
And all you ever wanted was to
Make me feel so wrong

So damn wrong, yeah

I don't feel what you're feeling
Rock my heart to sleep
Is this what you want
Yeah, I can't do what you want

Oh yeah

And I feel like the rebel and the reason
Last tracks guiding you know
I can't do what you want (Yeah, yeah)
Yeah, I can't do what you want (Yeah, yeah)

Let's keep moving (Yeah, yeah)
Let's keep moving (Yeah, yeah)
No-oh
Let's keep moving
