

You Could Be Wild

Reece Mastin

I've been mistreated, you're always bleeding me dry,
I cannot take it, you've been taking me for a ride,
Let's go out and we'll ride this summer down, down the line, outta line, I don't mind,
You fight your fight and I'll bite my time, your mine, your mine,

We could have all we've ever dreamed,
you could be wild and be with me,
we could have all we've ever needed,
you could be wild and we could be free,
Come and be my queen.

Secrets your keeping, all they do is take your light,
I'm left here screaming, I am pleading, lets make things right,
I'll take you out, and we'll burn the whole thing down, we've done our time, we'll be fine, I don't mind,
we'll be the ones who have won this fight, your mine, your mine

We could have all we've ever dreamed,
you could be wild and be with me,
we could have all we've ever needed,
you could be wild and we could be free,
we could have all we've ever dreamed,
you could be wild and you will see,
we could have all we've ever needed,
you could be wild and we could be free,
this is how it should be.

(Desperate, our blistered heels, oh, we've ran for miles, through our fears now we see)
Desperate, our blistered heels, oh, we've ran for miles, through our fears now we see

We could have all we've ever dreamed,
you could be wild and be with me,
we could have all we've ever needed,
you could be wild and we could be free,
we could have all we've ever dreamed,
you could be wild and you will see,
we could have all we've ever needed,
you could be wild and we could be free,
come and be my queen.
