

# Keep Falling In Love

Reed Deming

I keep falling in love  
I keep falling, falling, falling in love with you, oh

I keep falling in love  
I keep falling, falling, falling in love with you, oh

I'm just a boy and she's just a girl  
I fell in love with her, she fell in love with me  
Love at first sight, couldn't describe how I felt

She's what I want and she's what I need  
I would do anything, I would give anything  
For her to be by my side for the rest of my life

You've been on my mind for some time now  
Yeah, I need you in my life, need you by my side, need you right now  
Never thought that I'd find my world in one girl

I keep falling in love  
I keep falling, falling, falling in love with you, oh

I keep falling in love  
I keep falling, falling, falling in love with you, oh

You weren't the same, you blew them away  
When we had our first kiss, I never felt like this  
You are gonna be the one to blow my mind

Before I met you, life was a blur  
It was so out of place, until I saw your face  
You're the only girl for me and I'm your only guy

You've been on my mind for some time now  
Yeah, I need you in my life, need you by my side, need you right now  
Never thought that I'd find my world in one girl

I keep falling in love  
I keep falling, falling, falling in love with you, oh

I keep falling in love  
I keep falling, falling, falling in love with you, oh

This feeling's such a rush  
It's more than just a crush  
Your love saved me  
And I couldn't need you more  
An angel in disguise  
You opened up my eyes  
You make me crazy  
Crazier than ever before

I keep falling in love  
I keep falling, falling, falling in love with you, oh

I keep falling in love  
I keep falling, falling, falling in love with you, oh
