

## Dateless Losers

Reel Big Fish

We are all on our own with no one by our side  
You are so lucky, beautiful and bright  
All the cool kids go steady they're making  
Out at 12- we sit in our rooms alone  
By ourselves it's Friday  
No phone call, nobody asked us out  
We are the dateless losers lonely until we die!

So unappreciated, why, why, why, why?  
We're not so bad you know  
But you won't give us a chance  
Take us to the movies, to dinner, or to dance  
Not perfect, not too hip, but we need lovin' too  
We are the dateless losers lonely until we die!  
So unappreciated why, why, why, why?
