Nothin' on the radio again I pick up my guitar I put it right back down I don't know why I even try And I can't think of anything to say But then I never thought I'd write another song again But here it is I'm not gonna make it I don't think I can take it So I'm gonna quit while I'm ahead Well it's been happenin' to me all my life Well I swore I'd never make the same mistakes But now I'm making different ones And I can't seem to ever get things right Well it just feels like I'm goin round in circles And I'm goin round in circles And I I'm not gonna make it I don't think I can take it So I'm gonna quit while I'm ahead And I'm not gonna make it I don't think I can take it So I'm gonna quit while I'm ahead But it's too late It's too late I'm a whole body now And it's too late It's too late I'm a whole body now Well, I'm not gonna make it I don't think I can take it So I'm gonna quit while I'm ahead And I said I'm not gonna make it I don't think I can take it So I'm gonna quit while I'm ahead But it's too late It's too late I'm a whole body now

And it's too late It's too late

I'm a whole body now
