

This song's gonna make you happy
How could you ever be sad?
Nobody ever gets what they want and that's too bad

I'm so happy I could kill you (kill kill)
I'm so sick, I could save the world

This songs for the little girl
Oh she's so sweet

I'm so happy I could kill you (kill kill)
I'm so sick, I could save the world

There's your song and I hope you're happy
And it gave you some hope
Cause in the end it's all...

I'm so happy I could kill you (kill kill)
I'm so sick, I could save the world
