

# She's Famous Now

Reel Big Fish

I've got the measles and she's got the mumps.  
I'm sick of waiting by the door in case she comes home.  
You won't believe it but don't you want to know?  
I let her go but i can't let her know.  
I don't wanna hear it.

I'm singin' too high tonight, I'm gonna lose my voice.  
I heard her on the radio, don't want to sing along,  
But I've got no choice!

She used to be my girl, but now she's famous. (She's famous now

She was just so sweet, but now they're fallin' at her feet.  
She used to be my girl, but now she's-

I eat the muscle and she eats the leaves.  
High cholesterol and heart disease yeah.  
you'll never touch the way that I feel.  
Just for the record she got the deal.  
I don't wanna hear it.

I'm saying goodbye tonight, I just can't stand the noise.  
She's signin' autographs, don't wanna say i know her,  
But i've got no choice!

She used to be my girl, but now she's famous. (She's famous now  
)

She was just so sweet, but now they're fallin' at her feet.  
She used to be my girl, but now she's-

Let's go!  
Well she's like me, just not as ugly.

She used to be my girl, but now she's famous. (She's famous now
