

We Care

Reel Big Fish

thanks for the money
thanks for dancin'
and singin' along and everything you do
we just want you to know we care
(we care)
thanks for calling us sell outs
and not takin' a joke
and talkin' shit
and covering us with spit
we're so glad to know you care
(we care)
and we're sorry that so many people
got to enjoy our music,
by hearin' us on the radio
we love you
we love you
because you really understand
we love you
we love you alot
how could we not
we'll say it again
we love you
we love you because
you really understand
we love you
we love you alot
we always thought you liked our band
i'm not talkin' about everybody
i'm sorry to waste
a song and your time like this
were so lucky to have you there
(we care)
and I know that some of you get it
and you're not ashamed to admit it
you're still with us after all
we love you
we love you
because you really understand
we love you
we love you a lot
how could we not well say it again
we love you
we love you
because you really understand
we love you
we love you alot
we always thought you liked our band
we love you
we love you
we love you
oh oh
we love you
we love you
we really, really, do
oh oh
we love you
we love you

we love you all
we love you
we love you
we love all of you!
we love you!
