There's a little girl On my mind (little girl) All the time (little girl) There's always one (little girl) Look what she's done

She makes me look at her thighs You know I don't have to lie But why can't I tell her You know she's so beautiful But why do all girls think they're fat?

Hey, hey, hey, she's so pretty Hey, hey, hey, my friend Hey, hey, hey, I feel stupid, again

She said "it's all right"
(She said) "Come over tonight"
(She said) "Mom's not home"
(She said) "I'm all alone."
She drove me back to her house
She pushed me down on her couch,
She said "Now it's all right"
"We're gonna be good friends"
"Cause' that kissin' only leads to the end"

Hey, hey, hey, she's so pretty Hey, hey, hey, my friend Hey, hey, hey, I feel stupid, again

Hey, hey, hey, she's so pretty Hey, hey, hey, my friend Hey, hey, hey, I feel stupid, again
