

I Am Not Me

Refused

I will choose my diet with care
And like that wasn't enough
I already wrote you a goodbye note
To say farewell to you

Your TV world
Your fake ideals
Your selfish ways
Compromising truth

Nothing has come to an end
I'm so glad I never followed you

Impossible to progress
Burn your flag to possess
The strength and knowledge that
You repress

I choose my diet with comfort
And like that wasn't enough
I wrote a thank you note
For what you tried to make of me

A prepackaged blueprint
A cut to fit product
Thank you for absolutely nothing

Impossible to progress
Burn your flag to possess
The strength and knowledge that
You repress

Impossible to progress
Burn your flag to possess
The strength and knowledge that
You repress

We are just blueprints - we are just products
Individuality lost in conformity - I am not me
We are just blueprints - we are just products
Individuality now means anonymity - we are not free

We are just blueprints - we are just products
Individuality lost in conformity - I am not me
We are just blueprints - we are just products
Individuality now means anonymity - we are not free
