

Worms of the Senses / Faculties of the Skull

Refused

They told me that the classics never go out of style but, they do, they do.
Somehow baby, I never thought that we do too.

I got a bone to pick with capitalism and a few to break
Grab us by the throat and shake the life away
Human life is not commodity, figures, statistics or make believe

And yeah, I like eating excrement, not getting paid for it
Play the guilt, play the fear & play the anxiety
And yeah, I like eating excrement, not getting paid for it
Play the guilt, play the fear & play the anxiety

Seduced by the opportunity and robbed of hope
Alien nation is not commodity, figures, statistics or make believe

Yeah!
One more time. Oh!

Marginalize away the joy and sell us boredom

And yeah, I like working doing nothing, not making anything
Blame the poor, blame the uneducated & blame the sick
And yeah, I like working doing nothing, not making anything
Blame the poor, blame the uneducated & blame the sick

I got a bone to pick and a few to break

I took the first bus out of Coca-Cola city
It made me feel all nauseous & shitty
I took the first bus out of Shell town
Cos they didn't want me all hanging around

Yeah! Yeah! I took the first bus
Yeah, baby! I took the first bus

I took the first bus out of Coca-Cola city
It made me feel all nauseous & shitty
I took the first bus out of Shell town
Cos they didn't want me all hanging around

Yeah! Yeah! I took the first bus

Let's take the first bus out of here
Let's take the first bus out of here
Let's take the first bus out of here

Let's take the first bus out of here
Let's take the first bus out of here
Let's take the first bus out of here
Let's go!
Yeah!
