

# Show Me The Way

Regina Belle

Show me the way now  
Moving step by step to love  
Show me, yeah, the way now  
Touching where I've never been touched

Everybody's looking for a reason  
Making time and calling it love  
But you give me all I've ever needed  
Don't ever stop filling me up

(Show me)  
Yeah the way now  
Moving step by step to love  
Oh baby, won't you

(Show me)  
Show me the way now  
Touching where I've never been touched

I've been used and I've been good at using  
Running from the pain deep inside  
But you make me feel the joy of living  
And all the tears I've never cried, so

(Show me)  
Show me the way now  
Moving step by step to love  
Oh, baby, won't you

(Show me)  
Show me the way now  
Touching where I've never been touched no, no

(Show me)  
Show me yeah, the way now  
I've been stumbling in the dark, baby

(Show me)  
Show me the way now  
Let me slip inside your heart, yeah

Baby this time we're taking  
The long road together, oh baby  
And I know that the love within  
Will lead me to surrender

(Show me)  
The way now  
(Show me)  
Moving step by step to love

(Show me, show me the way)  
Oh yeah, yeah  
(Show me)  
I've been used and I've been good at using, boy

(Show me the way)

Open up your love inside baby, yeah  
(Show me, show me the way)  
Don't let me walk alone no, no  
(Show me)  
Oh, show me

(Show me the way)  
Yeah  
(Show me)  
The way baby
