

Love, You're a Whore

Regina Spektor

Was a bright, and sweet, and hot summer day
The day I didn't love you anymore
Some little cue wound up my poor heart which had
stopped
As I walked to the grocery store

All the people lingered although they didn't know
And they smiled at me as I passed
'Cause they've been there before
And they've come back again
And they always go right back for more

Love, love, love You're a whore You're a whore You're a whore
Love, love, love, love 'Cause we beat you and mistreat you
But time after time You take us back
And kiss us hard on the mouth

Oh, kiss us hard on the mouth Yeah, yeah, yeah
Kiss us hard on the mouth Who-oh-ore
Kiss us hard on the mouth Yeah, yeah, yeah
Kiss us hard Hard on the mouth

Was a bright, and sweet, and hot summer day
The day I didn't love you anymore
Couldn't see your face Couldn't taste your taste
Couldn't hallucinate your embrace
All had vanished without a trace

Love, love, love You're a whore You're a whore You're a whore
Love, love, love, love 'Cause we bruise you and abuse you
But time after time You take us back
And kiss us hard on the mouth

Oh, kiss us hard on the mouth Yeah, yeah, yeah
Kiss us hard on the mouth Who-oh-ore
Kiss us hard on the mouth Yeah, yeah, yeah
Kiss us hard, hard on the mouth

Was a bright and sweet and hot summer day
The day I didn't love you anymore
Some little cue wound up my poor heart which had
stopped
As I walked to the grocery store

All the people lingered although they didn't know
And they smiled at me as I passed
'Cause they've been there before
And they've come back again
And they always run right back for more

Love, love, love You're a whore You're a whore You're a whore
Love, love, love, love 'Cause we cheat you and mistreat you
And beat you and bruise you
And use you and abuse you
And cruise you and lose you
But time after time You take us back into your bed
and Kiss us Harder
Hard on the mouth Kiss us harder
Harder Hard on the mouth
Kiss us hard, ha, hard, ha, harder on the mouth

Kiss us hard on the mouth Yeah, yeah, yeah
Kiss us hard on the mouth Who-oh-ore
Kiss us hard on the mouth Yeah, yeah, yeah

Kiss us hard Hard On the mouth
