

# I Just Don't Want to Be Lonely

Regine Velasquez

I don't mind when you say  
That you're going away  
I just don't wanna be lonely

And I don't care if we share  
Only moments a day  
I just don't wanna be lonely

I'd rather be loved, needed  
Depended on to give the love I can't get  
When you're gone  
When you're gone  
I just don't wanna be lonely

I don't mind when you say  
That your going away  
I just don't wanna be lonely

And I don't care if we share  
Only moments a day  
I just don't wanna be lonely

I'd rather be loved, needed  
Depended on to give the love I can't get  
When you're gone  
When you're gone  
I just don't wanna be lonely
