

Light In The Dark

Regine Velasquez

So many friendly faces
So many empty spaces
Where do I go
I wanna know
Livin' in this paradise
It's gleaming and fantasizes
I'm so alone
Why do I own

In the (Like) light of the dark
I feel your eyes burning through the night
Like the light of the dark
Where do I stay
Like a light in the dark
I feel your eyes worry through the night
'Till you go alone on there
Holding me.
Foalting in the mystery
Cutting what's inside of me
I got to find some piece of mind
Try to see what closer
Look at the tears I've showed
Now I'm alone
Why do I own

We're livin' in destined world
Where changes clear
Where I want to live
I still have to find my way
Is it today
Can we make it stay
Can we make it stay
(Repeat Refrain except last line)
Just like a light in the dark....
Like a light in the night.....
