

# More Than Words Can Say

Regine Velasquez

It's late in China Town  
The rain is coming down  
And I'm all alone again  
Back on my own again

I can't just walk away  
And I can't make you stay  
So I'm all alone again  
I'm back on my own again

I...long for yesterday

When our love came easy

But now...I can't throw it all away

Cause I need you baby  
More than words can say

More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you  
More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you

Thoughts of you and me  
And how we used to be  
Pull like the oceans tide  
Hurting me deep inside

I walk untill the dawn  
To search for what went wrong  
I can't just let you go  
Baby, that much I know  
I...'ve got to find the way

To your heart forever

Cause we come too far to walk away

I still love you darling

More than words can say...

More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you  
More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you

[Baby, I'm missing you]

More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you...[Missing You]  
More than words can say!  
Can't you hear me when...I pray  
In the pouring rain  
Baby, I'm missing you
