He beats you black and blue
He loves you black and blue
He leaves you black and blue
So what you gonna do?

You think he still loves you
You think you're getting through
You think it's all worth it
He's just a criminal

He's insane

He needs help but he's just too stubborn
You need help but you can't get nothing
So when they come with the bag for your body
So sad too bad everybody's sorry

You keep your mouth closed, fade and die
Take control of your life and survive
I tell you now you've got to get out
You've got to get out because you're better off without

He's insane

You deserve better than that
You deserve better than that
You deserve better than that
