

Feels Alright!

Regurgitator

You know it feels alright
Every time you walk in the room
And you look so fine
And I let you know I'll dance with you
'cause you're out of sight
So that I'm sailing right past the moon
And now the tune is right
And your moves are making news tonight

I feel it in the air (4x)

And I let you know I'll dance with you
'cause you're out of sight
So that I'm sailing right past the moon
And now the tune is right
And your moves are making news tonight
I feel it in the air (8x)
