

Mr T.

Regurgitator

Keep pushing straight ahead
I've learnt from the past that there's no time to regret
The woman makes me feel alive
She shines in the night to open up my eyes
She helps me realize

So I run to the streets kicking 'round on my feet
I take freedoms path and I'll let my life be
Soul dedication to all my realities
Set your sisters free
It's the way it's meant to be
