

Shopping Mall Soul

Regurgitator

I got a stereo. Remote control
Got some spanners and a hammer and a video
Everything I see, didn't come for free
Why do I have it? Is it really a necessity?
A mountain of books, three credit cards
A dishwasher and a plunger. Am I a retard?

I sold my soul at the shopping mall
Stuff took control. I'm gonna break free
I'm gonna get it all. Give the truck a call
They can come and pick it up just for a small fee

I got some furniture from Ikea
I got an apple in a satchel and a colander
Everything I see, I don't really need
Still I buy it. Don't deny it. Its a catastrophe
I got three guitars and an amplifier
To get to where I want I'm gonna need a new car
