

## Him And Her

Rehab

I tried to be cool, I tried to maintain  
Let you sit up in my head and rent space in my brain  
I chilled to keep from bashin' car windows and crashin'  
That's why you see me dashin', I hate to be lashin' out of fashion  
Besides I'd rather let it ride than take a cop car ride  
I'm afraid of me, that's why I hide  
But those days are done  
I'm gettin' what I want and I don't need a gun  
A lot of people gonna run the race  
But I'ma be the one that went after the mushroom cloud  
It's about what you say not how loud  
I've dealt with you, now deal with me, standin' on top, see see  
see  
If I say something to piss you off  
Or if the sight of me makes you wanna barf  
It just may be that you can see  
A little bit of you in me  
'Cause I've been runnin from this and that and those and them and him and her and  
I'm not sure exactly what I'm gonna do but I  
Gotta make a decision this time  
I woulda never though, I got what I sought  
Did a lot of dumb shit, but I ain't get caught  
Pants still saggin', back on the wagon  
Came back with a bloody nose, bleedin' and braggin'  
I know you hoped I fell off  
I know if you could, my organs you'd sell off  
But it's cool, I ain't no fool, and nah, I can't let you push in my stool  
So when you see me say hi  
We can hang for a minute, but after that bye-bye  
Hit me on the 2-way for a three way and maybe I might pull off the freeway  
So you say I'm a piece of shit  
How 'bout you motherfuckin suck my dick  
'Cause it just may be that you can see  
A little bit of you in me  
'Cause I've been runnin from this and that and those and them and him and her and  
I'm not sure exactly what I'm gonna do but I  
Gotta make a decision this time  
I'm my own ball and chain and all the blame always comes right back on me  
I've lived with y'all for long enough, proved I'm tough now, y'all gotta live with me  
'Cause I've been runnin from this and that and those and them and him and her and
