

# My Addiction

Rehab

My addiction makes me piss on floors  
And go home with these scabby whores  
I took too much L.S.D.  
Now I'm at I.C.U. at Emory

Cocaine and cores comes out my pores  
Puking in the kitchen down on all fours  
My head's an earthquake, I sweat and shake  
Ashes on the coke can ready to melt the cake  
Spitting blood, picking sores, fuck cutting the line  
Stick a straw in the bag and do it all at one time  
Fucking chickenheads wearing house shoes and rollers  
Tried to pawn the remote control as a Motorola  
Got a beep bye boo boo, poo lift and tuck  
Pookie and Snoop Snoop and some other thug  
Black out in the crackhouse and wet my pants  
I almost died and dove out the ambulance  
Stole my last Jack Daniels, kicked the cocker spaniel  
But first I did a bump off my high school annual  
Getting geeked, hit the toilet for a quick jack off  
By the time I get a nut I've ripped my dick skin off  
Punch a hole in the wall, got crabs on my balls  
And I'm looking for a pebble in the carpet in the hall  
Running from drug raids, my brain's an arcade  
My family's afraid I got A.I.D.S.

My addiction makes me piss on floors  
And go home with these scabby whores  
I took too much L.S.D.  
Now I'm at I.C.U. at Emory

My addiction, my addiction  
My addiction, my addiction, huh

Dope, like a pound or a key  
Doin' it all in the back of somebody's 300 E  
Don't even look at me when I'm lost, no matter what the cost  
I'll be snortin' frost, my life, coin toss  
Ruffinals, percodan, blowin' four grand's  
Dimerol, white blotter, sixteen grams  
In my body right now, I'm so foul  
I just lost all control of my bowels  
Facin', the corner of a basement, my mouth tastin'  
Aluminum, freebasin', what's wrong with Jason  
Look, I really don't know, but he's gonna have to go  
Everytime I see that fool he's on blow  
I regurgitate, tell my girl to go masturbate  
I know it's late, huffin' on paint and Quaker State  
Drinkin' Robetussin when I got no fundin'  
Inhalin' Scotch Guard in the frontyard  
The neighbors know I'm crazy, my momma knows I'm lazy  
And I just slapped the fuck outta some lady  
Goin' in and out of treatment, cause my life's so sickening  
But it don't matter cause nothing stops my addiction
