

## Some People

Rehab

Some people live in luxury  
I know it sounds real nice but baby that's not me  
I got no mansion out in Beverley Hills  
I'm lookin' sideways down I probably always will

But it don't mean nothin, nothin to me  
cause I'll always find you where I need you to be

Some people want all the things that money can buy  
I'm happy waitin' on the side they can all pass me by  
I got enough in my pocket for this bottle of wine  
'long as I got you hunny I'll be fine

My life is spinning like a great big wheel  
fell off the winnin track and I'm not coming back  
nobondy know exactly how I feel  
but you're a friend of mine  
you're always right on time  
when my soul gets weary you've been there for me  
gonna cast my troubles out over the sea

Some people want all the things that money can buy  
I'm happy waitin' on the side they can all pass me by  
I got enough in my pocket for this bottle of wine  
'long as I got you hunny I'll be fine
