

Talk About

Rehab

I'm all messed up
I walk these time zones
Never know where I am
Am I chasing a dream or a milestone
I try to live up to these
Who do they think I am

I got two ladies back at the house
And that's where I wish I was
But no use complaining
Got to keep it entertaining
And never let em' hear you fuss

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home

Can't slow down
Even if I want to
Sorry if it sounds like a job
But I bet I wouldn't be this tired
If I worked a 9 to 5

There's been some good
And there's been some bad
In every choice I've chose
But no use complainin'
Gotta keep it entertainin'
Twenty more shows to go

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home

Normalitys' no friend of mine
Sometimes reality can blow my mind
So I put on a smile just to pay the bills
And I tell em' to keep it real

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home

So when I talk about the road
I talk about livin'
Talk about good times
Talk about givin'
All you got
Every night to the rhythm
Until it takes you back home
