

Empty House

Relient K

There was this time when I was thinkin' 'bout the modern science
And you could think they're singing that you want
And then we think about you, everything's and get the song by mind
I'm crazy now
You're gonna soon days [?]
It's still get my heartache, yeah
That's [?]

An empty house
Time to get myself back home
Nothing but an empty house
Living without you
An empty house
Time to get myself back home
Nothing but an empty house
Living without you

You got this thing about you
Everything I think about you
Is gonna go and make me something else
You've been a smile on my face
For about [?] stay

You believe it's true
And I believe it too
And everything's gonna be alright
When you say I
I've got this thing about you

An empty house
Time to get myself back home
Nothing but an empty house
Living without you
An empty house
Time to get myself back home
Nothing but an empty house
Nothing but an empty house
Nothing but an empty house

There was this time in my life
You had this minute
But it had lasted oh for many days
(And I don't know what that is)
But everybody knows I'm about to mumble out some...

And that's the last time I could say it with a straight face
I don't know what I'm doing tomorrow
And baby, I don't wanna do it unless you're...
