

# Forget and Not Slow Down

Relient K

How many times  
Can I push it aside  
Is it time I befriended all the ghosts of all the things that haunt me most  
So they leave me alone  
Move on with my life  
Be certain the steps of left and right don't fight the direction of upright

I'd rather forget and not slow down  
Than gather regret for the things I can't change now  
If I become what I can't accept  
Resurrect the saint from within the wretch  
Pour over me and wash my hands of it

It's time to decide  
Which is out of my mind  
Cause it'll be me unless I put some thoughts to rest and leave some faults behind  
I'll watch the glint in my eye  
Shine off the spring in my step  
And could be blinding depending on the amount of you that I reflect

Cause I could spend my life just trying to sift through  
What I could've done better but what good do what ifs do  
Oh oh  
Oh oh  
There's something I should tell you now

I Don't Need A Soul

I listen to the sirens as they sing me back to sleep  
I pray that no one's seriously hurt  
It feels like everything is dying at the pivot point of me  
I listen to the sirens tell me things could still be worse

'Cause if you close your eyes and listen close  
You can hear the chapter close  
And its all rebound in better clothes  
And you like the way this story goes  
'Cause the sun still burns the shadows out  
And there's nothing to complain about now

'Cause if this was our destiny I'd treasure the fact  
And I'd give you whats left of me if I'd held back

But I don't need a soul  
No I don't need a soul to hold  
Without you I'm still whole  
You and life remain beautiful

Departing from the hospital  
Ill news shows on your face too well  
You're trying not to cough at all it hurts  
All options are exhausted all your numbered days are numbered small  
I miss you now  
I loved you  
And I know things could still be worse
