

K Car

Relient K

Is it just a car or is it so much more?
It's a superstar with the gas to the floor.
Zero to sixty in remarkable time.
It's the automobile that's top of the line.
We got a k car on the road of life.
We're gonna get far if the driver's Christ.
Is it just a car or is it so much more?
It's a superstar with the gas to the floor.
In a drag race all the others fall
and Brandon Ebel just gave us a call.
