

# Lost Boy

Relient K

You had it baby you were seventeen years old  
I was on the road trying to make it my home  
You had a man but he wasn't no good to ya  
I was with women I didn't know

Foot loose, Fancy free  
Pretty lady wont you dance with me  
Cus one look from your eyes and  
I knew it was right this time

Before you came around  
I couldn't figure out  
Where I was going  
I was wondering wondering  
Wondering around  
Before I found my way  
I was running like a stray

And I was a lost boy  
Just a lost boy  
Before you came around

Sweet country baby you were singing at the airport  
Raking in time with the heel of your boot  
I must have passed you by a hundred times  
Before cupid saw it fit to let me dance with you

Foot loose, Fancy free  
Pretty lady wont you dance with me  
Cus one look from your eyes and  
I knew it was right this time

Before you came around  
I couldn't figure out  
Where I was going  
I was wondering wondering  
Wondering around  
Before I found my way  
I was running like a stray

And I was a lost boy  
Just a lost boy  
Before you came around  
I was a lost boy  
Just a lost boy

Before you came around  
I couldn't figure out  
Where I was going  
I was wondering wondering  
Wondering around  
Before I found my way  
I was running like a stray

And I was a lost boy  
Just a lost boy

Before you came around (3x)
