

Where Do I Go from Here

Relient K

Leaving
May not be coming home
Needing
To know I'm not alone
Even
Though I can't feel a thing

Taking
Time to get over it
Making
The best of what won't quit
Breaking me down
I can't feel a thing

Where do I go
Where do I stand
Where can I find myself again
Where do I go
If not disappear
Where do I go from here

Tracing
My steps right back to you
Racing
The clock to save an hour or two
And facing
The fact I don't feel a thing

I'm dealing
With what I can't control
Feeling
Confused cause I don't know if
Healing
Is when you don't feel a thing

Where do I go
Where do I stand
Where can I find myself again
Where do I go
If not disappear
Where do I go from here

Woah Woah Woah

And I still can't feel a thing
