

# What Are We Waiting For

Remedy Drive

It's looking like the end is near  
And we're all out to find some purpose here  
It's the same doubt that makes it unclear  
The same guilt we're in, it's the same fear

We got somewhere to be goin'  
But here we are standing still and stumblin'  
It's the same pit we keep on fallin' in  
The same walls that keep on crumblin'

But we've got something to live for  
So tell me what are we waiting for  
Redemption moves like a river  
Let's jump in the water, get off the shore  
Tell me what are we waiting for

Such great heights we were made for  
But it's the same fight we're in, it's the same war  
The same mess we're in just like before  
Excess is keeping our hearts poor

Oh, but look at this, a second chance  
To come inside from outside the dance  
There's a kingdom in the distance  
Look beyond the shadow that hides the substance

Cause we've got something to live for  
So tell me what are we waiting for  
Redemption moves like a river  
Let's jump in the water, get off the shore  
Tell me what are we waiting for

We don't look back, we don't look back  
We don't look back, we don't look back

The time has come to begin again  
And we don't look back and we don't look back  
We're gonna run to the end my friend  
And we don't look back and we don't look back

We've got something to live for  
So tell me what are we waiting for  
Redemption moves like a river  
Let's jump in the water, get off the shore

We've got something to live for  
So tell me what are we waiting for  
Redemption moves like a river  
Let's jump in the water, get off the shore  
Tell me what are we waiting for
