

Fed Up

Remi Nicole

Today no wonder youre feeling sad
after last nights cigarette and yesterdays bottle of
jack
you said you was gonna change
but as usual nothing does
you stay the same

And im fed up
of people walking all over me
and ive had enough
of you abusing my generosity
from now on im not letting you take the pee
cos im fed up
of people walking all over me

You said youve changed
youve been away and found yourself
youre not to blame for all the hurt you caused to
everyone else
stop making excuses, face some responsibility
you may get away with it with everyone else
but im telling you not with me

Lyricscos im fed up
of people walking all over me
and ive had enough
of you abusing my generosity
from now on im not letting you take the pee
cos im fed up
of people walking all over me

Im fed up
of people walking all over me
and ive had enough
of you abusing my generosity
from now on im not letting you take the pee
no, im fed up
of people walking
of people walking
all over me
