Remy Zero

Today, moving downwards  
Through my finger, fades tomorrow

But wait for me 'cause lines are forming  
And words get clearer now  
I'll borrow them from you  
'Cause it's all I can do, yeah, yeah

Today, they shine like Jesus  
And light of millions face our sorrows

But wait the lines are forming  
And words get clearer now  
I'll borrow them from you  
'Cause it's all I can do

Cracked, charred, charred  
You can't communicate  
Dumb, dumb, dumb  
Dumb, dumb, dumb

Cracked, charred, charred  
You can't communicate  
Dumb, dumb, dumb  
Dumb, dumb, dumb

Stop mumbling  
Wasted art, wasted art
